

# Holi Celebration 2025

Due to popular demand and the fantastic time we all had last year, St Paul's School was visited once again by a dance expert from KZ Dance to help us take part in our own Holi Festival.

Each class took part in a Bollywood dance workshop learning dances to perform later in the day to their families.

Holi is a popular ancient Hindu festival after Diwali also known as the "Festival of Love", the "Festival of Colours", and the "Festival of Spring". It signifies the triumph of good over evil. Holi celebrates the arrival of spring, the blossoming of love and for many it's a festival day to meet others, play and laugh, forget and forgive, and repair broken relationships. Holi is commonly celebrated by applying/throwing colours at one another and the power of colour is never more prominent than at Holi festival (aka the festival of colours)! Together we celebrate Holi by filling each other's life with colours of joy, happiness, love, peace and prosperity.
