European Languages Day - Reception (Spain)

Reception had lots of fun learning all about the country of Spain. We made Spanish food in the Home Corner - paella, we tried Chorizo sausage and pretended our Vimto squash was Sangria! The children all made flags and then danced to some flamenco music in the hall. We painted bulls and tomatoes for the festivals and learned that Iberian wolves come from Spain. We said hello, thank you and goodbye in Spanish. We made the national flower of Spain - red carnations with the playdough.
