European Languages Day - Year 2 (France)

Bonjour! Today Year 2 have had lots of fun learning all about France. We started the day by looking at famous landmark and completed a colour-by-numbers activity of the Eiffel Tower. Throughout the morning, we listened to instrumental music by French musicians, created the French flag using tissue paper, learnt some simple French language (greetings, numbers to 5 and colours), played parachute games and tasted some delicious French food; brie, crepes, croissants and baguette. The children's overall favourite was the *crepe!*

Please see some photos below of our fun!
