

Friday 26th September

Year 1 – European Day of Languages

Bonjour! In Year 1, we enjoyed learning all about France and its culture. We started off the day by understanding what European Day of Languages is all about. We looked at France, where it is on a map, famous landmarks, traditional dishes, animals and sports.

We used tissue paper to create the French flag!

We learnt how to say the different colours in French. We then went into different colour groups and ran under the parachute when our colour was called in French.

We learnt some simple French, Bonjour, Merci, Au revoir, je m'appelle.
